Procedure for applying under ITEC/Colombo Plan (2018-19)

A new procedure has been introduced for applying for courses under ITEC/Colombo Plan. According to the new procedure, applications are required to be filled in online by the applicants themselves. Details of the new procedure are given below:

- Applicants are required to visit the website <https://itecgoi.in> and look for the link "Apply for ITEC/SCAAP course" and press it.
 - As soon as the link "Apply for ITEC/SCAAP Course" is pressed, online application is opened on the computer screen. Applicants will fill in all entries online. The applicants will also be asked to choose their own login email ID and create their login password, which would be used by the system to keep them posted of the processing status.  - After a candidate has applied for a course, a link will be sent to the candidate's email ID (given by the candidates while applying for the course) for activating his account.
