

19.	Strategic Roads Sector
19.1	Introduction of Sector
19.2	Strategic Roads Policy.....
19.3	Reference Documents
19.4	Key Stages of the Project Cycle
19.5	Road Planning.....
19.6	Reconnaissance/Pre-Feasibility Study
19.7	Feasibility Study.....
19.8	Environmental Assessment
19.9	Social Assessment.....
19.10	Detailed Engineering Design
19.11	Pre construction Activities
19.12	Implementation and Procurement Modalities
19.13	Implementation Activities
19.14	Post-Construction Activities.....
19.15	Donor Specific Requirements.....
19.16	Benefit/Monitoring and Evaluation
20.	Agricultural and Rural Roads Sector
20.1	Introduction to the Rural and Agricultural Sector
20.2	National Strategy and Policy for Rural and Agricultural Roads
20.3	Existing Standards/Guidelines/Approaches/Legislation
20.4	Key Processes for Entire Project Cycle.....
20.5	Planning
20.6	Implementation Activities (Construction)
20.7	Post-Implementation Activities: Operation and Maintenance
20.8	Overall Management Responsibility.....
20.9	Technical Manual Required.....
20.10	Donor Specific Requirements.....
21.	Irrigation Sector.....
21.1	Introduction to the sector
21.2	Irrigation Sector Policy.....
21.3	Guidelines and Standards.....
21.4	Key Processes in the Project Cycle
21.5	Surface Water Irrigation.....
21.6	Groundwater Irrigation.....
21.7	Environmental Assessment
21.8	Social Assessment.....
21.9	Project Implementation Plan
21.10	Irrigation Management Transfer Procedures
21.11	Engineering Design
21.12	Pre-construction Activities
21.13	Implementation Modality.....
21.14	Construction Activities
21.15	Operation and Maintenance.....
21.16	Benefit Monitoring and Evaluation
22.	Water Supply and Sanitation Sub-sector
22.1	Introduction.....
22.2	Rural Water Supply and Sanitation Project (RWSSP)
22.3	Urban Water Supply and Sanitation Systems (UWSSP).....
23.	Energy Sector
23.1	Introduction.....
23.2	National Hydropower Development Policy.....
23.3	Guidelines and Standards.....
23.4	Key Processes in the Project Cycle
23.5	Planning
23.6	Engineering Design
23.7	Pre-Construction

23.8	Implementation Modality
23.9	Construction
23.10	Operation and Maintenance.....
23.11	Benefit Monitoring Evaluation.....
24.	Civil Aviation Sector
24.1	Background
24.2	Civil Aviation Policy
24.3	Donor Agencies
24.4	Related Legislation and Standards
24.5	Types of Civil Aviation Projects
24.6	Project Implementation Process
24.7	Project Identification
24.8	Airport Master Plan.....
24.9	Pre-feasibility Study.....
24.10	Feasibility Study.....
24.11	Social and Environmental Assessment
24.12	Engineering Design
24.13	Project Implementation Activities
24.14	Post Implementation Activities
26.	Education
26.1	Introduction.....
26.2	National Policy and Legislation.....
26.3	Guidelines and Standards
26.4	Key Processes in the Project Cy
26.5	Planning Design
26.7	Pre-construction
26.8	Implementation Modalities/Procurement
26.9	Construction
26.10	Operation and Maintenance.....
26.11	Benefit Monitoring and Evaluation (BME).....
27	Earthquake Considerations in Infrastructure Project
27.1	Introduction.....
27.2	Applicability of Guidelines
27.3	Institutional Arrangements
27.4	Donor Involvement
27.5	National Policy
27.6	Objective
27.7	General Principles
27.8	Assumptions
27.9	Methods of Analysis
27.10	Subsoil Characterization.....
27.11	Seismic Zones
27.12	Basic Representation of Seismic Action.....
27.13	Methods of Design
27.14	Recommendations for Earthquake Resistant Design
27.15	Specific Guidelines
28.	Guide to Environmental Assessment in Nepal
28.1	Concept of Environment
28.2	Environmental Impact Assessment, Project Cycle and Project Management
28.3	Environmental Screening
28.4	Environmental Scoping
28.5	Terms of reference (TOR) for EIA Study
28.6	Baseline Data Collection.....
28.7	Policies, Laws, Guidelines, Standards and International Obligations Related to EIA Implementation
28.8	Identification of Environmental Impacts: Concepts and Methods
28.9	Mitigation Measures

28.10	Public Consultation and Participation
28.11	Environmental Monitoring
28.12	Environmental Auditing
28.13	Agencies Responsible for EIA Implementation
29.	Performance Evaluation of Consultants and Contractors
29.1	Performance Evaluation of Consultants
29.2	Performance Evaluation of Contractors
