Road Sector Development Project Additional Financing II

Grievance Record and Resolution Status

At project level, a grievance redress mechanism has been established to allow project affected persons to appeal any disagreeable decisions, practices and activities arising in the process of compensation for assets and general project-related complaints. Grievance recording register has been established at PIC/RE/Contractor's Offices. The total twenty grievances from January, 2017 to September 2018 were registered. Among them twelve grievances were resolved and seven grievances are in resolution process and one grievances is not applicable. The recorded grievances and their status have been given below:
